Course Description

**Heartsaver CPR AED** – includes material covered in the basic Heartsaver course, plus specific training in the use of an AED (automatic external defibrillator).

**Heartsaver First Aid** – developed for people assigned as first responders to emergencies in the workplace or community.

**Healthcare Provider** – intended for licensed and emergency response personnel such as physicians, nursing students, and other allied health personnel. Includes more advanced training in the use of emergency interventions.

**BLS Instructor** – intended for those with current Healthcare Provider Certification who wish to instruct others in CPR and use of an AED.

**Heartsaver Instructor** – intended for those with current Heartsaver Provider Certification who wish to instruct Heartsaver classes.

**ACLS Provider** – intended for intensive care and emergency department personnel, paramedics, and others needing advanced training in cardiovascular care.

**ACLS Instructor** – intended for those with current ACLS Provider Certification wishing to instruct others in ACLS care.

**PALS Provider** – intended for personnel involved specifically with the care of infants and small children.

**PALS Instructor** – intended for those with current PALS Provider Certification wishing to instruct others in PALS care.

**ECG & Pharmacology** – Learn basic heart anatomy, heart rhythms and ACLS drugs and usage.

**Basic Wilderness First Aid** – Learn how to recognize and avoid wilderness hazards and how to perform first aid outdoors.
