

Marine Service Technologies

Program Content:	The focus of the Marine Service Technology program is on outboard engines and 2-stroke and 4-stroke theory with an overview of inboard gas and diesel engines. Students will learn the use of tools, equipment, fuel and cooling systems and how to troubleshoot and repair boats and engines, rig boats with the proper wiring, and install engines and accessories. MTC Marine Services Technology is a member of the American Boat and Yacht Council and the Association of Marine Technicians. The course prepares students for SkillsUSA, Mercury Marine, Yamaha and Bombardier certifications.

The School Board does not discriminate on the basis of race, color, ethnicity, religion, national origin, sex (including sexual orientation, transgender status, or gender identity), disability (including HIV, AIDS, or sickle cell trait), pregnancy, marital status, age (except as authorized by law), ancestry, genetic information, which are classes protected by State and/or Federal law (collectively, "protected classes") in its programs and activities, including employment opportunities. It is the legal obligation and the policy of the Board to employ only those persons who are best qualified, with or without reasonable accommodations. The Superintendent shall appoint a compliance officer whose responsibility it will be to require that Federal and State regulations are complied with and that any inquires or complaints are dealt with promptly in accordance with law. S/He shall also require that proper notice of nondiscrimination for Title II, Title VI, and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Act of 1972, Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination in Employment Act will be provided to staff members and the general public. Any sections of the District's collectively-bargained negotiated agreements dealing with hiring and promotion will contain a statement of nondiscrimination similar to that in the Board's statement above.
