

The Florida GED Testing Program Underage Waiver Procedure

An individual who is 16 or 17 years of age must have approval from the school district in which he/she resides prior to scheduling test appointments.

Required steps:

1. The candidate must have an email account.
2. The candidate must provide proof of withdrawal from high school.
3. The candidate must complete the registration process at <http://ged.com> prior to the school district's submission of the form to the Florida Department of Education.

The Florida GED Testing Program Underage Waiver can be found [here](#).

Please make sure the waiver is completed **legibly** (printed) with the following information:

1. Full legal name
2. Date of birth
3. Email address used to register at <http://ged.com>

Please complete both pages of the form. The second page is required for processing and in the event that we need to contact the student and/or parent/guardian (for example: denied waivers, problems uploading the form, incorrect email listed, etc.)

Completed forms should be forwarded to gedwaiver@manateeschools.net via email or hand delivered to any MTC campus' front desk.

Notification of the waiver will be uploaded into your ged.com account in approximately one week after receipt of completed form. If notification has not been received in your account by that time, please contact the GED® Testing Office at 941.751.7900 ext. 1173.
